This diagram illustrates the assembly of a sliding door system. It shows a long metal track with rollers being installed. Two orange arrows point to the rollers being inserted into the track. A separate view shows a hand inserting a roller into a track.

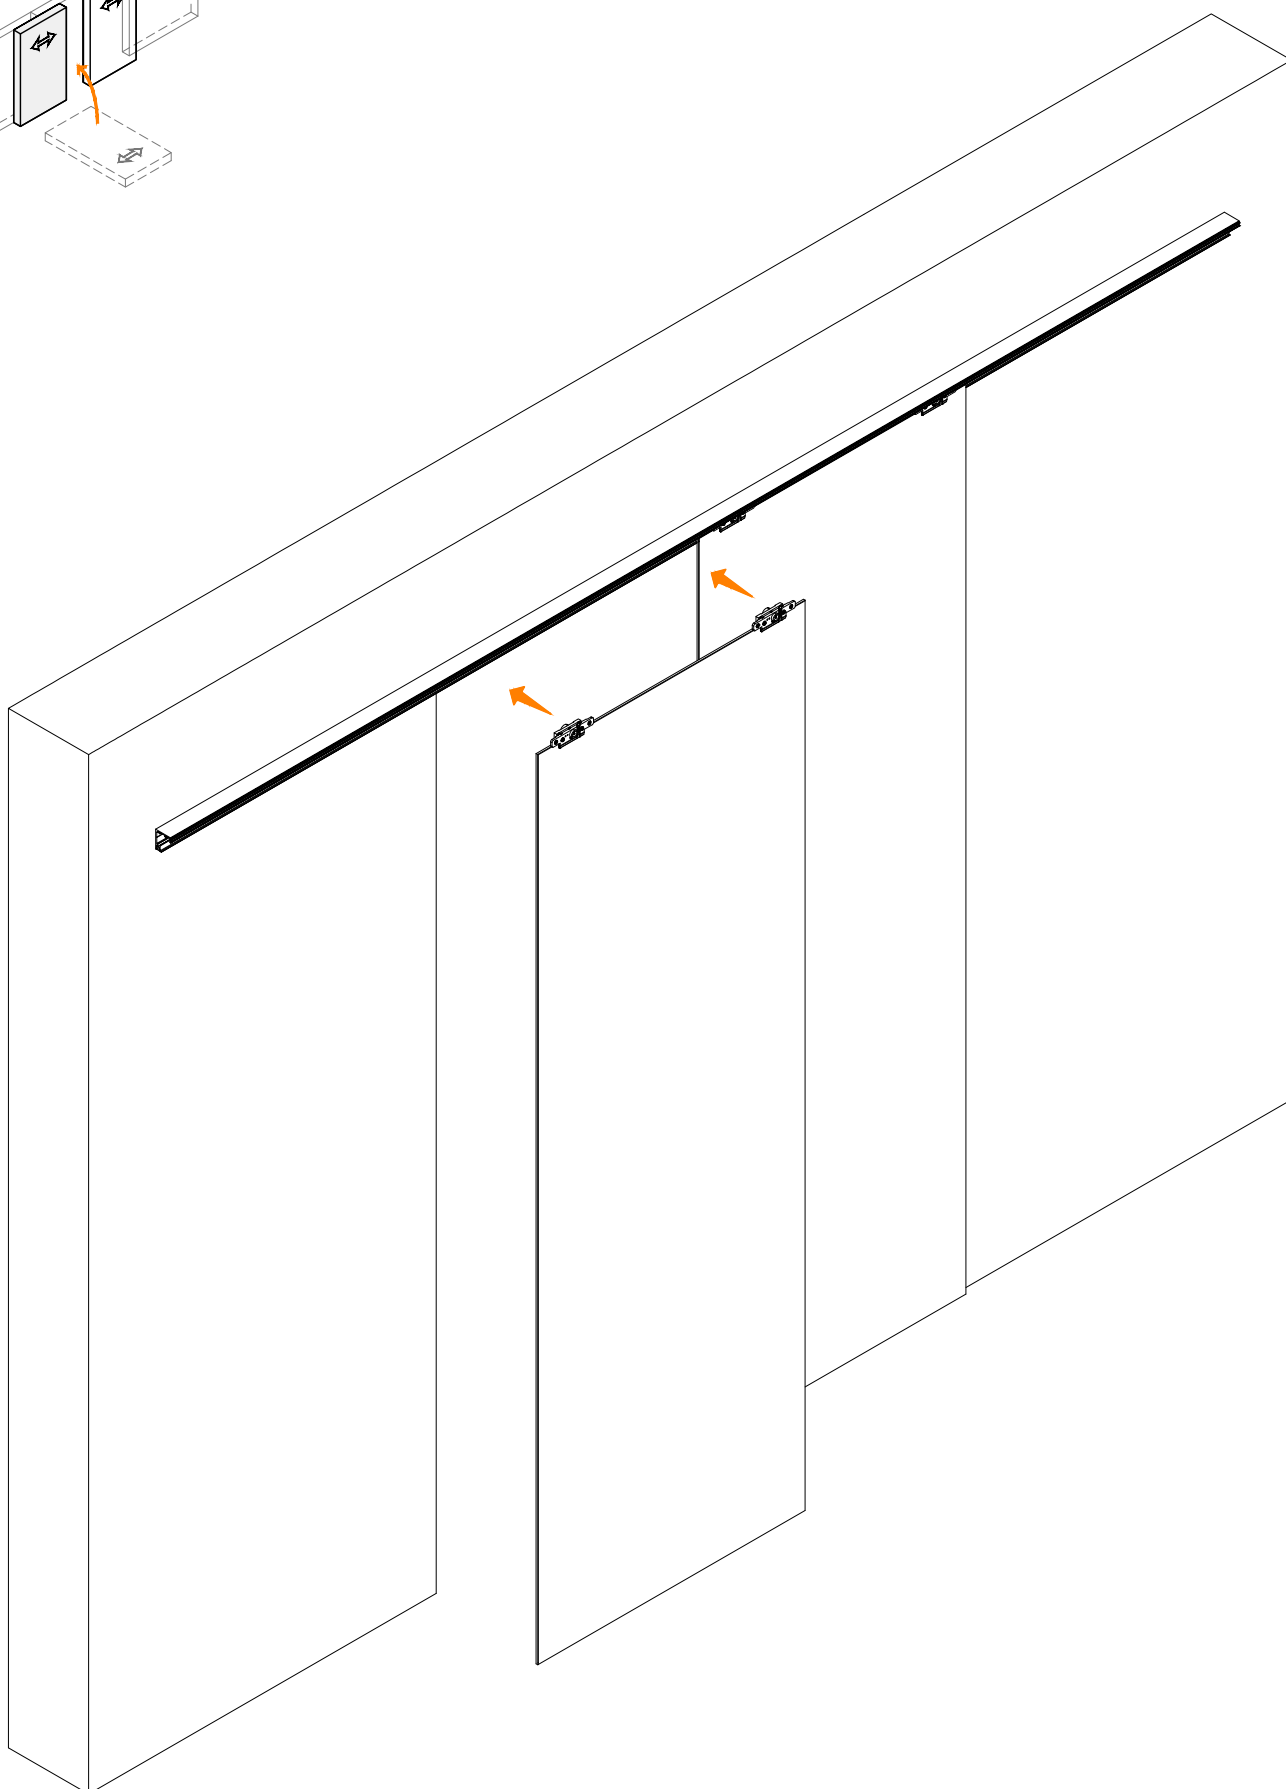

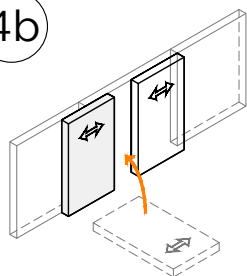

This technical diagram illustrates the components of a sliding door system. The main part of the diagram shows a long, narrow door profile with various rollers and tracks. Two orange arrows point to the bottom of the profile, indicating the location of the rollers. Below the profile, a small inset shows a cross-section of the door, with an orange arrow pointing to the bottom edge, indicating the location of the rollers. To the right, a smaller diagram shows the door in its open position, with two orange arrows pointing to the bottom edge, indicating the location of the rollers.
